Is it on the Region 8 website?

Thanks Scott – great idea! We hadn't considered putting the draft permitting information on this site. I agree it's another avenue to get the information out to those who need it. Unfortunately I just heard that HQ is updating the site and has asked us to refrain from adding information for the next week or two, but our UIC program is providing the information to Patrick to get on the updated site as soon as possible.

Thanks again – I plan to be down for the NPDES talk later this afternoon – see you then!

Hi Darcy,

Thanks for your time yesterday with the RTOC. I looked at the EPA Tribal Consultation Opportunities website and did not see it on there. That would be a great way for the tribes to get their opportunity to participate and get all the pertinent info about the UIC permit.

Thanks,

Scott
